

Interface Class

Vague

1. Interface can not implement other Interface.

2.) Can it extend a Interface? -yes (it still a Interface)

Abstract Class

Less Vague & Less Concrete

What can Be a Abstract class list

1.) do it depend on the class to do something?

- IF YES (IT ABSTRACT!)

- IF NO (its A CLASS I)

2.) Can it do other things by it self?

-YES (IT STILL ABSTRACT!)

- NO (MOVE TO NUMBER 3.)

3.) is it 100% Abstract its a interface them. PLEASE MAKE IT AN INTERFACE.

Class

Concrete

1.) Dose it have Inheritance ?

- Yes

- No (still a class)

2.) Can it implement a interface?

- Yes (Infinite)

- no (dosen't have to)

3.) can not Extened more then one class.

4.)
